TO:

Let's Hear From Some of Our Recipients!

“I strongly believe in high-quality education, especially in the health-care field, where people’s health and lives are on the line. Your generous contributions are an effective motivator for students, and they constitute an important component in maintaining the high standards of this college’s nursing program...”

Ursula Schwirian, Nursing Student

“I personally enjoy Psychiatric Nursing and unfortunately there is not a facility in Sheridan in which I would have the opportunity to work with children and adolescents in the area of Psychiatry. Thank you to everyone for making this chapter of my education a possibility.”

Aimee Tow, Nursing Student

- Have you ever wanted to go somewhere special to practice nursing?
- Do you have a specialty that you would like to experience and you can't get it here?
- Is there a place where you can learn that specialty?

You need to talk with us about our practicum opportunities !

PRACTICUM INFORMATION

Whitney Benefits has created the Whitney Practicum Experience to fund national practicum experiences for Sheridan College students and recent Sheridan College graduates who live in Sheridan and Johnson counties. These practicum experiences will range from three days to three weeks long. The goal of this funding is to give nurses a chance to gain experience and broaden their knowledge base and bring that knowledge back to the region.

Funding is available for nursing students in and recent graduates of the Sheridan College Associate Degree Nursing Program. This funding may be used to support students wishing to participate in practicum experiences that will enhance and broaden their education.
